HIGH PRIORITY FACILITY

FACILITY ID: 13-18-00-7651

NOTICE OF VIOLATION: Failure to report the probable cause of a deviation and any corrective actions taken to prevent a future deviation

Dear Mr. Schill:

On January 24, 2012, Chemical Solvents, Inc. electronically submitted (via the eBusiness Center) a deviation report for 4th quarter of 2011 stating that J001 and J002 exceeded their maximum allowable combined throughput of 50,000 gallons per day on October 20, 2011, with a throughput of 52,541 gallons. This letter serves as notification that you are operating sources in violation of the following applicable air statutes, air regulations, or air permit conditions.

While the deviation was reported as required in Permit To Install and Operate (PTIO) P0094783 Part C. 1. e. 2. a. and d., Chemical Solvents, Inc. failed to include the probable cause of the deviation and note any corrective actions that were taken to prevent the deviation in the future. This is a violation of PTIO P0094783 Part C. 1. e. 2. b. and c.

Unless you undertake some type of corrective action with respect to the above noted violations, you will remain in non-compliance. CDAQ requests that Chemical Solvents, Inc. electronically submit (via the eBusiness Center) the probable cause of the deviation and any corrective actions that were taken to prevent a future deviation. CDAQ requests that Chemical Solvents, Inc. contact Andrew Marantides at (216) 420-8049 when the requested information is submitted electronically.

Your response to this letter must be received by CDAQ within fourteen (14) days of your receipt of this letter. If there is insufficient time to correct the alleged violations within this timeframe, your response must include a timeline for correcting the alleged violations.

Violations of Ohio air pollution laws and /or permit terms and conditions are subject to the penalties stipulated in Ohio Revised Code Section 3704.99(A), which allows fines of not more than twenty-five thousand dollars or imprisonment for not more than one year, or both, for each violation.

CDAQ issues this letter with Ohio EPA's concurrence. The failure to mention any specific violation does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action.

Should you have any questions, please call Andrew Marantides at (216) 420-8049. All correspondence with CDAQ must include the Ohio EPA facility identification number for Chemical Solvents, Inc.: 13-18-00-7651.

Sincerely,

A handwritten signature in black ink that reads "Valencia White".
