Dear Mr. Kraus:

Century Mold was issued a Permit To Install and Operate (PTIO) for emissions unit P012, an Injection Molding Press at 55 Wright Drive. This PTIO has a reporting requirement that was due February 15, 2012.

The Annual Permit Evaluation Report (PER) required by the PTIO is now over four months past due. We have enclosed a blank Annual PER and we are asking that you submit this completed form as soon as possible but by no later than July 6, 2012. Failure to do so may result in Ohio EPA seeking civil penalties as provided in section 3704.06 of the Ohio Revised Code or additional enforcement actions including referral of this case to the Office of the Attorney General.

The PER should be addressed to the local air agency at 250 William Howard Taft Road.

If you have any questions, please contact me at 513-946-7752..

Sincerely,

Mike Ploetz
Southwest Ohio Air Quality Agency
