Re: NOTICE OF VIOLATION: No Renewal Application Received for Expired Permit #P0101755
Facility ID: 1652050190; Facility Address: 900 W Smith Rd., Medina, OH 44256

Dear Lad Hudac,

This letter serves as a Notice of Violation to you for failure to submit a timely permit application for renewal of the permit identified above which expired on 5/30/2012. This failure to submit a complete and timely application, has resulted in the loss of the "application shield" provided by Ohio Revised Code (ORC) section 119.06, for the air contaminant sources (emissions units) identified in the table below:

EU ID	EU Description	Company Equipment ID	Permit Number	Expiration Date
J001	Loading tank trucks from storage tanks with organic liquids.	Truck Loading Rack	P0101755	5/30/2012
J002	Filling 55 gallon drums from storage tanks with organic liquids.	Drum Loading Rack	P0101755	5/30/2012
T001	39,784 gallon capacity fixed roof tank storing petroleum liquids.	Storage Tank T-18	P0101755	5/30/2012

Continued operation of these emissions units after the expiration date of the permit, without a valid renewal permit being issued by the Director, is a violation of Ohio Administrative Code (OAC) 3745-31. Be advised that submission of a permit renewal application, will not reinstate the "application shield" provided by (ORC) section 119.06.

Please submit a complete renewal application to Ohio EPA as soon as possible, but no later than 30 days from receipt of this notice. The application must be submitted using the eBusiness Center: Air Services (<https://ebiz.epa.ohio.gov>). For assistance with Air Services you may contact Linda Lazich at linda.lazich@epa.state.oh.us or 614-644-3626. In addition, training videos and guidance are available by clicking "Answer Place" on the main banner at www.epa.ohio.gov.

Sincerely,

Kelly Kanoza
