NOTICE OF VIOLATION FOLLOW-UP LETTER

Dear Mr. Ochwat:

On December 17, 2010, and February 7, 2011, the Cleveland Division of Air Quality (CDAQ) issued Notices of Violation requiring AI's Electric Motor Service (AI's) to submit a Permit-to-Install/Operate (PTIO) application for each of the following emission units or calculations proving the emission units to be "De Minimis" status.

- 40,000 BTU Steelman "Curing" Oven installed in 1994,
- 1.2 MM BTU Steelman "Curing" Oven installed in 1996 and
- An Ace Model 245RKG Burnoff Oven installed in January 1993.

As of April 26, 2011, CDAQ is in receipt of calculations proving "De Minimis" status for each of the aforementioned emission units.

The corrective action plan was received and appropriate steps were taken to bring the source into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Andrew Kenney at 216-420-7683. All correspondence with CDAQ must include the Ohio EPA facility identification number for AI's Electric Motor Service: 13-18-03-4474.

Sincerely,

A handwritten signature in black ink that reads "Linda Kimmy".
