HIGH PRIORITY FACILITY
HIGH PRIORITY VIOLATOR – M4F
RECEIPT OF CORRECTIVE ACTION PLAN: P901, P902 and F003 Fugitive Emissions

Dear Mr. Sherman:

On July 20, 2009, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation (NOV) requesting that Ford Motor Company – Cleveland Casting Plant (Ford-CCP) correct violations cited in the NOV. Violations included emissions units F003, P901 and P902 operating in violation of the Ford-CCP's issued Title V permit, Ohio Administrative Code rule 3745-17-07(B)(1) and Ohio Revised Code section 3704.05(A), (C), (G) and (J)(2). Fugitive emissions were observed in violation of applicable limitations (i.e. exceeded 20% opacity, as a three-minute average).

CDAQ is in receipt of a response letter dated August 5, 2009, stating that fugitive emission exceedances involving F003: Coke and Stone Handling Area were immediately rectified by cleaning out the particulate control device. In addition, Ford-CCP is training relevant supervisory and maintenance personnel on the proper inspection and maintenance procedures regarding this emissions source. You are expected to comply with this corrective action.

The response letter also addressed fugitive emission exceedances associated with Cupola #1 (P901) and Cupola #2 (P902). For P901, additional panels will be added on the east and west sides of the charge door to further contain charge door emissions. These structural changes will occur no later than the end of this year. You are expected to comply with this corrective action.

With regards to P902, Ford-CCP's response letter stated that the computer logic of the environmental control system will be upgraded during the week of August 17, 2009. You are expected to comply with this corrective action.

Failure to comply with your stated corrective actions by the time frame given may result in referral to Ohio EPA or U.S. EPA for further enforcement action. Fulfillment of your commitments included in the corrective action plan and/or any modifications contained within this letter does not constitute a waiver of CDAQ's ability to refer this matter to Ohio EPA or U.S. EPA for further enforcement action. Please submit any future correspondence related to this matter, including completion dates of the corrective actions detailed in this letter, to the following enforcement representative:
