Brook Park, Ohio

HIGH PRIORITY FACILITY
FACILITY ID: 13-18-12-0180
NOTICE OF VIOLATION FOLLOW-UP LETTER: F003, P901 and P902 Fugitive Emissions

Dear Mr. Binger:

On July 20, 2009, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring Ford Motor Company – Cleveland Casting Plant (Ford-CCP) to limit fugitive emissions from emissions units F003, P901 and P902. CDAQ is in receipt of a final corrective action plan dated November 3, 2009.

The plan provided that Ford-CCP has completed training for the relevant supervisory and maintenance personnel on proper inspection and maintenance procedures for emissions unit F003. The plan also stated that structural changes to P901 were complete as of August 16, 2009, and that updates were successfully added to P902's PID control processor environmental system.

CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Valerie Shaffer at (216) 664-6292. All correspondence with CDAQ must include the Ohio EPA facility identification number for Ford-CCP: 13-18-12-0180.

Sincerely,

George Baker
Chief of Enforcement
