**RECEIPT OF CORRECTIVE ACTION PLAN: Exceeding pounds per hour and tons per year Organic Compound (OC) emission limitations**

Dear Mr. Jones:

On January 8, 2010, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation (NOV) requesting that Agmet LLC submit a corrective action plan stating how the facility will discontinue exceeding the pounds per hour and tons per year emission limitations for OC on EU P001: Rotary Calciner Kiln. CDAQ is in receipt of a corrective action plan dated February 11, 2010, in which Agmet LLC made specific commitments concerning inspecting and servicing the emissions unit, conducting an emissions test, and updating the electronic PTIO application.

You are expected to comply with submitting an Intent-to-Test Notification and conducting an emission performance test within one hundred twenty (120) days of receipt of this letter, and all other commitments in the corrective action plan. Failure to do so may result in referral to Ohio EPA or U.S. EPA for further enforcement action. Fulfillment of your commitments included in the corrective action plan and/or any modifications contained within this letter does not constitute a waiver of CDAQ's ability to refer this matter to Ohio EPA or U.S. EPA for further enforcement action. Please submit any future correspondence related to this matter to the following enforcement representative:

Ryan Olinek

Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Ryan Olinek at 216-664-3315 or Megan Murphy at 216-664-4258.
