NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. Andrews:

On 11/30/10, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring Cuyahoga Wire Processing to submit quarterly deviation reports, to maintain scrubber operating parameters records, and to install scrubber monitoring equipment. CDAQ is in receipt of a response dated 1/3/11 when Cuyahoga Wire Processing sent the third quarter 2010 deviation reports and explanation of the record keeping practices. On 2/16/11 CDAQ received a letter regarding the permits-to-operate (PTO) issued for emission units P004 and P005, pickling lines for steel wire. The letter requested an administrative modification of the PTOs terms and conditions with respect to the scrubbers' monitoring equipment.

The response was received in a timely manner and appropriate steps were taken to bring the source into compliance. CDAQ determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. If you have any questions, please call David Wagner at 216/664-3004. All correspondence with CDAQ must include the Ohio EPA facility identification number for Cuyahoga Wire Processing: 13-18-53-2615.

Sincerely,

Linda Kimmy
Field Enforcement Manager, CDAQ
