NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mrs. Mobley:

On January 9, 2007, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring NASA Glenn Research Center to submit notifications for renovations involving individual nonscheduled operations at least 10 working days before the end of the preceding calendar year. CDAQ is in receipt of a corrective action plan dated January 19, 2007 and notes that no ACM removal took place before January 9, 2007.

The corrective action plan was received in a timely manner and contained appropriate measures to prevent reoccurrence of the NESHAP notification problem. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Mike Samec at 216-420-7682. All correspondence with CDAQ must include the Ohio EPA facility identification number for NASA Glenn Research Center: CL 07 125.

Sincerely,

A handwritten signature in black ink, appearing to read "George S. Baker".

George Baker
Chief of Enforcement, CDAQ
