NOTICE OF VIOLATION: FAILURE TO APPLY FOR PERMIT TO INSTALL/OPERATE
APPLICATIONS**

Dear Mr. Beverstock:

On January 20, 2011, the Cleveland Division of Air Quality (CDAQ) inspected Warwick Products located at 5350 Tradex Parkway in Cleveland. This letter serves as notification that you are operating sources in violation of the following applicable air statutes, air regulations, or air permit conditions.

Warwick Products is in violation of Ohio Administrative Code Rule 3745-31-02(A)(1)(b) and Ohio Revised Code (ORC) 3704.05(F) and (G) for operating two spray booths without first obtaining Permit to Install/Operate (PTIO) applications.

Unless you undertake some type of corrective action with respect to the above noted violation, you will remain in non-compliance. CDAQ requests that Warwick Products submit PTIO applications for the spray booths within thirty (30) days of receipt of this letter to the following address:

John Polak
Cleveland Division of Air Quality
75 Erieview Plaza 2nd Floor
Cleveland, Ohio 44114-1839

If there is insufficient time to correct the alleged violations within this time frame, a written response that includes a timeline for correcting the alleged violations must be received by CDAQ within thirty (30) days of receipt of this letter.

PTIO applications and accompanying Emission Activity Category (EAC) forms for the Devilbiss Spray Booth and the spray booth unit can be downloaded from <http://www.epa.ohio.gov/dapc/fops/eac/eacforms.aspx>.

Violations of Ohio air pollution laws and /or permit terms and conditions are subject to the penalties stipulated in Ohio Revised Code Section 3704.99(A), which allows fines of not more than twenty-five thousand dollars or imprisonment for not more than one year, or both, for each violation.

Free assistance with state and/or federal regulations, rules, laws or permit conditions can be provided at no charge through the Ohio EPA Office of Compliance Assistance and Pollution Prevention (OCAPP). OCAPP can be contacted at <http://www.epa.ohio.gov/ocapp> or (614) 644-3469 or (800) 329-7518. CDAQ makes no guarantee that the facility will meet the qualifying guidelines established by OCAPP.

OCAPP can also provide assistance to facilities that want to investigate methods of pollution prevention to reduce raw material usage and waste production. Again, there is no charge for their services.

CDAQ issues this letter with Ohio EPA's concurrence. The failure to mention any specific violation does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Mike Samec at 216-420-7682.

Sincerely,

A handwritten signature in cursive script that reads "Linda Kimmy".
