**RE: Rescinding of Notice of Violation dated July 27, 2007 for
PCC Airfoils Inc. - Mentor, Facility id# 0243081072**

I am writing this letter to formally rescind the Notice of Violation letter sent to PCC Airfoils Inc., - Mentor, on July 27, 2007, from the Division of Air Pollution Control (DAPC) concerning failure to file a timely Synthetic Minor Title V Fee Emission Report for calendar year 2006. Based on information provided by the facility and Ohio EPA, Northeast District Office, PCC Airfoils Inc., is not in violation of Ohio Administrative Code 3745-78-02.

The facility completed a switch over to Non-HAP degreaser solvent in emissions unit L002 in June 2006. The only reason PCC was on the Synthetic Minor Source List was said emissions units' use of a HAP degreasing solvent. On July 3, 2007, Ohio EPA, DAPC issued PTI #02-22584 to PCC to formalize the permanent solvent change. This facility was therefore placed in the 2006 Synthetic Minor fee reporting category in error. The facility will be subject to non-Title V fee emission reporting requirements for calendar year 2006 and beyond. If you have additional questions please contact Elisa Thomas at (614) 644-3621.

Sincerely,

Robert Hodanbosi
Chief, Division of Air Pollution Control
