Re: Erie County
Executive Cleaners (f.k.a. Vermillion Cleaners)
Premise # 0322030258
Return to Compliance (RTC)

August 10, 2012

Ms. Edije Zeigler
Executive Cleaners
720 East Strub Road
Sandusky, Ohio 44839

Dear Ms. Zeigler:

This letter shall serve as a follow-up to the Notice of Violation (NOV) letter dated June 14, 2012, for the above-referenced facility located at 4644 Liberty Avenue in Vermillion, Ohio. The purpose of this letter is to indicate the facility's return to compliance status. This was accomplished by the issuance of Permit to Install and Operate (P0110543) for emission unit D002 (Petroleum Based Dry Cleaning Machine) issued July 30, 2012.

Because former emission unit, D001 (one dry-to-dry cleaning machine using perc) has been permanently removed from the facility, this emission unit's operating status has been changed from "operating" to "permanently shut down". Therefore, the permit associated with this emission unit has been terminated upon the date the emission unit was permanently shut down. In order to resume operation of this emission unit, the facility would be required to apply for a Permit to Install/Operate (PTIO) pursuant to OAC Chapter 3745-31.

Please note; however, that this does not preclude the Director from seeking civil penalties pursuant to ORC section 3704.06 for the violations noted in the NOV letter. The decisions on whether to pursue or decline to pursue such penalties regarding this are dependent on several factors, one of which is the company's future compliance with applicable Ohio EPA requirements.

Should you have any questions and/or comments concerning this letter, please feel free to contact me at (419) 373-3069 or electronically at Miranda.Garlock@epa.ohio.gov.

Sincerely,

Miranda R. Garlock
Division of Air Pollution Control
