Mr. Amin Mohammad
United Petroleum Marketing LLC
9391 Chesapeake Drive
North Royalton, OH 44133

Dear Mr. Mohammad:

On December 29, 2006, a representative of the Akron Regional Air Quality Management District inspected the United Petroleum Marketing #101 gasoline dispensing facility located at 389 E. Waterloo Road in Akron to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

Record keeping: No record keeping was available for review. **United Petroleum Marketing is in violation of OAC rule 3745-21009 (DDD)(3) which requires Stage II record keeping to be available for review.**

Equipment: The hoses on dispensers #2, #7, & #8 are cracked at the nozzle and in need of replacement.

ARAQMD file: A review of our records found this facility has not submitted the results of Stage II testing for 2003. Please submit test results. If testing was not completed in 2003, a letter of explanation must be submitted to this Agency with a copy placed in the Station file.

Please correct the deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 ext 4255.

Sincerely,

Steven Stakleff, RS
Sanitarian II
