Mr. Sarabjit Singh  
Sunoco Station  
2816 State Road  
Cuyahoga Falls, OH 44223

Dear Mr. Singh:

On August 25, 2008, a representative from this Agency witnessed Stage II vapor recovery testing at the gasoline dispensing facility located at 2816 State Road in Cuyahoga Falls, Ohio. At this time it was discovered that the facility has been sold to Amarjit Singh and is being operated by you.

This facility has Stage II vapor recovery control and is subject to **annual testing, inspections, training certification, and record keeping requirements per Ohio Administrative Code (OAC) rule 3745-21-09 (DDD)**. If you are not familiar with the requirements of this rule, please contact me to obtain that information. This facility failed Stage II testing on August 25, 2008. Timely repair and retesting are required.

A review of our records confirmed that the Ohio EPA Permit to Operate for this facility expired on 1/27/08. The forms necessary to apply for the renewal of the Ohio EPA Permit to Operate were mailed to you by this Agency. **OAC rule 3745-35-02, requires issuance of a Permit to Operate (PTO) before any air contaminant source can be operated. Ohio Revised Code section 3704.05 prohibits any violation of the Ohio Environmental Protection Agency (Ohio EPA) regulations, and provides for civil and criminal penalties for violations**

If you have any questions, please contact me at 330/375-2480 x6053.

Sincerely,

Susan Anderson  
Sanitarian II
