Dear Ms. Kinne:

On February 11, 2008, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the Speedway SuperAmerica #9294 gasoline dispensing facility located at 3239 Medina Rd. in Medina to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/deficiencies:

Record keeping: No record keeping was available for review. Speedway SuperAmerica is in violation of OAC rule 3745-21-09 (DDD)(3) which specifies the records that are to be kept.

Please correct deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x4255.

Sincerely,

Steven Stakoff, RS
