Dear Mr. Jaber:

Our Agency is in receipt of the August 8, 2006, Stage II test results submitted by ECT for the BP Wooster Avenue gasoline dispensing facility located at 1345 Wooster Avenue in Akron. Upon review, these test results are accepted as received and will be included in the Operating File for this facility. However, BP Wooster Avenue is in violation of OAC rule 3745-21-09 (DDD)(2)(c) which requires that results of Stage II testing be submitted to the Ohio EPA or its delegated local air agency within thirty days following the completion of the test. Test results were received on December 26, 2006.

Upon review of our records, it was found that the Ohio EPA Permit to Operate for this facility expired on September 5, 2006. Enclosed with a letter from this Agency sent to you on August 24, 2006, were the forms necessary to renew this permit.

Within 15 days of receipt of this letter, you are to submit a renewal application to this Agency.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x6053.

Sincerely,

Susan Anderson
