Environmental Department
BP Products of North America, Inc.
PO Box 6038
Artesia, CA 90702

Dear Ms. Lees:

Our Agency is in receipt of the test results submitted by Tanknology for the following BP gasoline dispensing facilities:

<u>Date</u>	<u>Site #</u>	<u>Address</u>	<u>City</u>
4/5/07	22489	3705 Cleveland Massillon Rd.	Norton 1677 02 6111
4/17/07	22485	316 E. Market St.	Akron 1677 010859

Upon review, these test results are accepted as received and will be included in the Operating Files for these facilities. **However, BP Products of North America is in violation of OAC Rule 3745-21-09 (DDD)(2)(c) which requires that the results of Stage II testing to be submitted to the Ohio EPA or its delegated local air agency within thirty days following the completion of the tests.** These results were received on January 31, 2008.

Although BP Products of North America no longer owns these facilities, the tests were completed before the change of ownership, therefore this late notification of violation.

If you have any questions, please contact me at (330) 375-2480.

Sincerely,

Susan Anderson
Sanitarian II
