Dear Mr. Scheponik:

On March 12, 2009, a representative of the Akron Regional Air Quality Management District inspected the Giant Eagle Fuel #3389 gasoline dispensing facility located at 302 S. Court Street in Medina to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

Record keeping: **No record keeping was available for review. Giant Eagle #3389 is in violation of OAC rule 3745-21-09 (DDD)(3) which specifies the record keeping that is to be maintained and available for review.**

Please correct any deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.
