Dear Mr. Engel:

On June 29, 2009, a representative of the Akron Regional Air Quality Management District inspected the East Market Bellstore gasoline dispensing facility located at 1805 E. Market Street in Akron to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

Record keeping: No records were available for review. **This facility is in violation of OAC rule 3745-21009 (DDD)(3) which requires Stage II record keeping to be available for review.** You must establish a Station file with the required information including a certificate of Stage II training.

Please correct any deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x6053.

Sincerely,

Susan Anderson
