Dear Mr. Kaufman:

This letter serves as a Notice of Violation to you for the failure to submit a timely permit application for renewal of the permit identified above which expired on 12/01/2010. This failure to submit a complete and timely application, has resulted in the loss of the "application shield" provided by Ohio Revised Code (ORC) section 119.06, for the air contaminant sources (emissions units) identified in the table below.

<i>EU ID</i>	<i>EU Description</i>	<i>Permit Number</i>	<i>Expiration Date</i>
P901	Duster 1	P0103454	12/01/2010
P902	Duster 2	P0103454	12/01/2010

Continued operation of these emissions units after the expiration date of the permit, without a valid renewal permit being issued by the Director, will be a violation of OAC rule 3745-31-02(A)(1)(c). Be advised that submission of a permit renewal application, will not reinstate the "application shield" provided by (ORC) section 119.06.

Please submit a complete renewal application to Ohio EPA as soon as possible, but no later than 30 days from receipt of this notice.
