Dear Mr. Singh:

On April 23, 2010, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the Convenient Food Mart gasoline dispensing facility located at 110 Akron Road in Wadsworth to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

**Inspection results/Deficiencies:**

Record keeping: No record keeping was available for review. This facility is in violation of OAC rule 3745-21009 (DDD)(3) which requires Stage II record keeping to be available for review. You must establish a Station file with the required information and obtain a certificate of Stage II training. You were notified of this at last years inspection.

Within 30 days of receipt of this letter, you are to provide to this Agency a copy of the certificate of Stage II training & establish a site file with the required information.

Acceptance of the information requested by this Agency does not constitute a waiver of this Agency's or the Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Ohio Revised Code. The determination to pursue or decline such penalties will be made at a later date.

Please correct the deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x4255.

Sincerely,

Steven Stakleff, RS
