Mr. Vinesh Patadia  
2772 Hialeah Circle  
Stow, OH 44224

Dear Mr. Patadia:

On November 12, 2010, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the Kwik Stop Sunoco gasoline dispensing facility located at 4379 State Route 43 in Kent to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

**Inspection results/Deficiencies:**

Record keeping: No record keeping was available for review. **Kwik Stop Sunoco is in violation of OAC rule 3745-21-09 (DDD)(3) which specifies what records are to be kept, their availability, and how long they must be kept.** You must obtain a certificate of Stage II training and a copy maintained in the site file.

Please correct any deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x6053.

Sincerely,

Susan Anderson  
Sanitarian II
