Dear Mr. Aujla:

On January 26, 2011, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the BDS Petroleum, LLC dba Ravenna Clark gasoline dispensing facility located at 800 South Prospect Street in Ravenna to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

Record keeping: The results of Stage II testing completed in 2010 were not in station file.

ARAQMD file: This Agency has not received the results of Stage II testing completed in 2011. Please submit results immediately. **BDS Petroleum is in violation of OAC 3745-21-09 (DDD)(2)(c) which requires the results of testing to be submitted within 30 days of tests completion.**

This facility is eligible to change permitting from a PTIO to PBR (Permit by Rule). Enclosed with this letter is the form necessary to apply.

Please correct any deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x4255.

Sincerely,

Steven Stakleff, RS
