SUBJECT: NOTICE OF VIOLATION OF OAC RULE 3745-21-09 (DDD)

Dear Mr. Levine:

On July 15, 2010, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the Sunoco gasoline dispensing facility located at 1432 Massillon Road in Akron to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

Record keeping: Once again, no record keeping was available for review. **This facility is in violation of OAC rule 3745-21-09 (DDD)(3) which requires Stage II record keeping to be available for review.** You must establish a station file with the required information and obtain a certificate of Stage II training.

ARAQMD file: A review of our records found that this facility's Ohio EPA Permit to Operate expired on 12/9/08. **It is a violation of OAC rule 3745-31-02(1)(b) to operate without a permit.**

Enclosed with the letter sent December 1, 2008, were the forms necessary to renew this permit. Application forms may be obtained on line at <http://www.epa.state.oh.us/dapc/permits/permits.html>.

Acceptance of the actions requested by this Agency does not constitute a waiver of this Agency's or the Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Ohio Revised Code.

Please correct the deficiencies noted within 30 days of receipt of this letter. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

If you have any questions, please contact me at 330/375-2480 x6053.

Sincerely,

Susan Anderson
