Dear Christine Walton,

This letter serves as a Notice of Violation to you for the failure to submit a timely permit application for renewal of the permit identified above which expired on 11/17/2010. This failure to submit a complete and timely application, has resulted in the loss of the "application shield" provided by Ohio Revised Code (ORC) section 119.06, for the air contaminant sources (emissions units) identified in the table below.

<i>EU ID</i>	<i>EU Description</i>	<i>Permit Number</i>	<i>Expiration Date</i>
B001	Strong Compressor	P0101960	11/17/2010
B001	Deerfield Compressor	P0101961	11/17/2010
B001	Atwater Compressor	P0101971	11/17/2010
B001	McGee Compressor	P0101972	11/17/2010
B001	Partners Compressor	P0102149	11/17/2010

Continued operation of these emissions units after the expiration date of the permit, without a valid renewal permit being issued by the Director, will be a violation of OAC rule 3745-31-02(A)(1)(c). Be advised that submission of a permit renewal application, will not reinstate the "application shield" provided by (ORC) section 119.06.

Please submit a complete renewal application to Ohio EPA as soon as possible, but no later than 30 days from receipt of this notice.

Acceptance by the Ohio EPA of the renewal application does not constitute a waiver of the Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Revised Code. The determination to pursue or to decline to pursue such penalties in this case will be made by the Ohio EPA at a later date.

If you have any questions, please contact me at 330-375-2480 x6307 or e-mail: SVadas@akronohio.gov.

Sincerely,

Sean Vadas
Akron Regional Air Quality Management District
