Mr. Thae Taye  
Tarrify Property's LLC  
9203 Kinsman Road  
Cleveland, OH 44104

Dear Mr. Taye:

On August 17, 2009, a representative of the Akron Regional Air Quality Management District inspected the Tarrify Property's LLC Kent Clark gasoline dispensing facility located at 706 S. Water Street in Kent to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

**Inspection results/Deficiencies:**

- Record keeping: The results of Stage II testing due in 2006 were not in the Station file.
- Equipment: This facility failed Stage II testing on 8/17/09. Repair and retesting are to be completed within 30 days. Several nozzles and hoses were found to be in bad repair. You are required to self inspect and replace equipment as needed.
- ARAQMD file: A review of our files found that Stage II testing was not completed in 2006 and testing for 2008 was late. **Tarrify Property's LLC is in violation of OAC rule 3745-21-09 (DDD)(2)(f) which requires testing of the vapor recovery system as required by the CARB certification for the Wayne system installed.** Further testing violations will result in this Agency initiating enforcement action.

Please correct the deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x6053.

Sincerely,

Susan Anderson
