Mr. Pranav Shah
Kwik Stop Sunoco
4423 State Route 43
Kent, OH 44240

Dear Mr. Shah:

Our Agency is in receipt of the November 19, 2009, Stage II test results submitted by Tank Integrity for the Kwik Stop Sunoco gasoline dispensing facility located at 4397 State Route 43 in Kent.

Upon review, the test results are accepted as received and will be included in the Operating File for this facility. **However, Kwik Stop Sunoco failed to complete retesting of the Stage II system within 30 days of the previous test's failure.**

Acceptance of the test results submitted to this Agency does not constitute a waiver of this Agency's or the Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Ohio Revised Code. The determination to pursue or decline such penalties will be made at a later date.

Full compliance testing, as conducted at this facility, must be performed again within five year intervals according to the testing requirements of OAC rule 3745-21-09 (DDD)(2)(a)&(b). The above facility will be due for **full testing** on or before **11/19/14**. Notification of testing is required as before, as well as reporting requirements.

I would also like to remind you that the Static Leak Test and A/L testing as specified within the CARB Executive Orders and/or this Agency must be performed annually, not to exceed one year from the last test performed. You are required to notify us before testing, and the results of the annual performance test are to be submitted within thirty (30) days of the test's completion.

If you have any questions, please contact me at (330) 375-2480 x6053.

Sincerely,

Susan Anderson
