December 4, 2009

Mr. Ralph Zoller  
Barky Mart  
PO Box 565  
Mantua, OH 44255

Dear Mr. Zoller:

On November 25, 2009, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the Barky Mart gasoline dispensing facility located at 10719 Main Street in Mantua to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

**Inspection results/Deficiencies:**

Record keeping: Incomplete record keeping was available for review. **Barky Mart is in violation of OAC rule 3745-21-09 (DDD) which specifies what record keeping is to be available.** The results of 2008 Stage II testing, a copy of the Ohio Permit to Install/Operate, and a certificate of Stage II training were not in the Station file. You are required to obtain a certificate of Stage II training. Enclosed is a list of facilities that provide testing and training.

Please correct the deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x4255.

Sincerely,

Steven Stakieff, RS  
Sanitarian II
