February 13, 2009

Mr. Mike Miktarian, Jr.
Mike's Service Center
3 East Avenue
Tallmadge, OH 44278

Dear Mr. Miktarian:

On February 10, 2009, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected Mike's Service Center gasoline dispensing facility located at 3 East Avenue in Tallmadge to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

Record keeping: A current Ohio EPA Permit to Operate was not in the Station file.

ARAQMD file: A review of our records found the Ohio EPA Permit to Operate for this facility expired on 8/24/06.

It is a violation of OAC rule 3745-31-02(1)(b) to operate without a permit. The forms to renew this permit are enclosed. Should you need help with this application, please call.

Equipment: This facility was due for Stage II testing on or before December 6, 2008. Due to delays by the contractor making the repairs, this facility was late (over 30 days) completing repairs and retesting. At this time I would like to remind you that this facility will be due for testing again on or before 12/19/2009.

Please correct the deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x6053.

Sincerely,

Susan Anderson
Sanitarian II
