H & M Metal Processing Company
1414 Kenmore Boulevard
Akron, OH 44314

Dear Mr. McMillen:

Enclosed, please find and complete the application for Permit to Install/Operate (PTIO) for the Heat Treating/Nitrating Furnace that you relocated from your previous Cuyahoga Falls facility. Complete applications must be received by this agency within thirty (30) days of receipt of this letter.

I must advise you that it appears that you may be operating in violation of the requirements of OAC rule 3745-31-02(A) which states, in part, that "No person shall cause, permit, or allow the installation and operation of an air contaminant source without first applying for and obtaining a Permit to Install/Operate from the Ohio EPA." Acceptance of complete applications and issuance of appropriate permits does not constitute a waiver of the Ohio EPA authority to seek enforcement action in this case. The decision to pursue, or decline to pursue, enforcement action in this matter will be made at a later date.

If you have questions or need assistance, feel free to contact this agency.

Sincerely,

Sean Vadas
Air Quality Engineer
