Dear Joe Payne:

This is in follow-up to my review of your comments dated January 8, 2010 regarding the draft Title V permit. Upon reviewing your comments you disclosed that several emissions units at your facility may be subject to 40 CFR 60 Subpart OOO. In light of this disclosure I must inform you of regulatory requirements that are required based on the applicability of the stated rule. Specifically the affected emissions units are subject to the notification and reporting requirements specified in 40 CFR 60 Subpart A, and the monitoring, recordkeeping and emission limitations specified in 40 CFR 60 Subpart OOO.

Please submit to this office, within 30 days of receipt of this letter, a plan and schedule for achieving compliance. Submit this plan to the attention of Duane LaClair.

Acceptance by the Ohio EPA of a compliance plan and schedule does not constitute a waiver of the Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Revised Code. The determination to pursue or to decline to pursue such penalties in this case will be made by the Ohio EPA at a later date.

If you have any questions, please contact me at (330) 375-2480 Ext 6052 or E-mail [dlaclair@Akronohio.gov](mailto:dlaclair@Akronohio.gov). The changes to the draft Title V and status of your comments will be sent under a separate letterhead.

Sincerely,

Duane LaClair  
Akron Regional Air Quality Management District
