Dear Mr. Singh:

On October 20, 2009, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the Sarai Marathon gasoline dispensing facility located at 1705 Diagonal Road in Akron to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

**Inspection results/Deficiencies:**

ARAQMD file: **This facility failed Stage II testing on 10/20/09. Repair and retesting are to be completed within 30 days of test's failure. This facility is in violation of OAC rule 3745-21-09 (DDD)(2).** Testing is to be completed annually not to exceed 12 months of the previous year's test including the dynamic pressure performance test (blockage test) once every 5 years. This facility was due for testing by 6/23/09.

Please correct any deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Acceptance of the information requested by this Agency does not constitute a waiver of this Agency's or the Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Ohio Revised Code. The determination to pursue or decline such penalties will be made at a later date.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x6053.

Sincerely,
