Re: Notice of Air Pollution Permit(s) Expiration Date
Facility ID: 1677050146

Dear Permit Holder,

The permit(s) for the emissions unit(s) described below will expire on the date shown.

G001 GDF 5/22/2011

Pursuant to Chapter 3745-31 of the Ohio Administrative Code, a renewal application must be submitted (i.e., postmarked if sent by mail, or uploaded if submitted via the eBusiness Center) for each emissions unit by the expiration date in order to continue operating the emissions unit. The application you need to submit is called a PTIO application and can be submitted in two forms, hardcopy or electronic.

The hard copy PTIO application, along with the appropriate EAC form, is available to download from the Ohio EPA, Division of Air Pollution Control's web page (www.epa.state.gov/dapc) by selecting "Permits" from the Topic Index. This application can be completed in Microsoft Word or filled out by hand and submitted to this agency at the address indicated below.

Alternately, the permit application can be filled out and submitted electronically using Ohio EPA's eBusiness Center: Air Services (<https://ebiz.epa.ohio.gov>).

If you have any questions or need assistance with the permit application process, please contact this agency.

Sincerely,

Sean Vadas
