Mr. Yaser Silmi
Hudson Marathon
5915 Darrow Road
Hudson, OH 44236

Dear Mr. Silmi:

On November 28, 2007, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the Hudson Marathon gasoline dispensing facility located at 5915 Darrow Road in Hudson to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

Record keeping: The station file did not have a current certificate of Stage II training. **Hudson Marathon is in violation of OAC rule 3745-21-09 (DDD)(3)(vi) which requires the owner/operator to obtain a certificate of Stage II training.**

Equipment: The nozzle on dispenser #7 and the hose on dispenser #2 need replacement.

ARAQMD file: A review of our records found the results of Stage II testing for 2007 have not been submitted. This facility was due for testing on or before 8/18/07. **Hudson Marathon is in violation of the California Air Resources Board (CARB) certification, G-70-150, for the Gilbarco vapor recovery system installed at this location.** This certification requires annual testing not to exceed 12 months from the previous year's testing.

On October 23, 2007, this Agency sent you a letter describing your responsibilities and provided a list of testing companies and those that also provide Stage II training. **Within ten (10) days of receipt of this letter, you are required to submit (in writing) to this Agency what has been done to correct these deficiencies.**

Please correct the deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x6053.

Sincerely,

Susan Anderson
