Dear Mr. Ahmad:

On April 26, 2011, a representative of the Akron Regional Air Quality Management District inspected the Northfield Sunoco gasoline dispensing facility at 10485 Northfield Road in Northfield to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

Record keeping: The results of Stage II testing completed on 3/22/10 were not in station file.

ARAQMD file: The results of Stage II testing completed on 3/22/10 have not been submitted to this Agency. Northfield Sunoco is in violation of **OAC 3745-21-09 (DDD)(2)(c) which requires the results of testing to be submitted within 30 days of tests completion.**

Please correct deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x3354.

Sincerely,

Harry J. Eckert
Environmental Specialist
