Dear Mr. Salti:

On May 24, 2011 & June 13, 2011, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the Archwood Sunoco gasoline dispensing facility located at 745 E. Archwood Avenue in Akron to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

Record keeping: No records were available for review. A certificate of Stage II training must be obtained and a copy kept in the station file. **This facility is in violation of OAC rule 3745-21-09 (DDD)(3) which specifies the records that are to be kept.**

Equipment: This facility failed Stage II testing on June 13, 2011. Repair and retesting is to be completed within 30 days.

Please correct the deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Acceptance of the actions and information requested by this Agency does not constitute a waiver of this Agency's or the Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Ohio Revised Code. The determination to pursue or to decline such penalties will be made at a later date.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x3354.

Sincerely,

Harry J. Eckert
