Mr. Mahmoud Jaber
BP Archwood
745 E. Archwood Avenue
Akron, OH 44316

Dear Mr. Jaber:

On April 29, 2009, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the BP Archwood gasoline dispensing facility located at 745 E. Archwood Avenue in Akron to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

- Record keeping: No records were available for review. The facility was not yet open for business. A certificate of stage II training must be obtained and a copy of it kept in the Station file. **OAC rule 3745-21-09 (DDD)(3) specifies the records that are to be kept.**
- Equipment: This facility failed Stage II testing on dispenser #7 on April 29, 2009. Repair and retesting is to be completed within 30 days.
- ARAQMD file: A review of our records found that you have submitted an application for the Ohio EPA Permit to Operate for this facility. This application cannot be processed until the facility is in compliance with the Stage II rule.

Correct all deficiencies within 30 days of receipt of this letter. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x6053.

Sincerely,

Susan Anderson
Sanitarian II
