Mr. Mohamed Tayeb
Northfield Clark
10498 Akron-Cleveland Road
Northfield, OH 44067

Dear Mr. Tayeb:

On April 26, 2010, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the Northfield Clark gasoline dispensing facility at 10498 Akron-Cleveland Road in Northfield to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

Record keeping: Incomplete record keeping was available for review. **OAC rule 3745-21-09 (DDD)(3) specifies the record keeping that is to be maintained and available for review. Contact Mr. Latif for a copy of the Ohio EPA Permit to Operate for this facility and keep it in the Station file.**

ARAQMD file: **At this time it was discovered that you are leasing this facility from Mr. Anwer Latif. The Ohio EPA Permit to Operate for this facility is current and you must update the facility information. Enclosed is a form for you to complete updating owner, operator, facility name, and contact information.**

Please correct the deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 x6053.

Sincerely,

Susan Anderson
