NOTICE OF VIOLATION FOLLOW-UP LETTER

Dear Mr. Jamal:

On February 3, 2012, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation to Carnegie Shell for the failure to conduct Stage II Vapor Recovery System tests. CDAQ issued a Receipt of Corrective Action Plan (RCAP) on March 5, 2012. The RCAP indicated the receipt of failing tests conducted on January 24, 2012 and February 27, 2012. The RCAP asserted the need to conduct and pass Stage II tests. CDAQ received the required test results on March 29, 2012.

The corrective action, passing the Stage II tests, was completed on March 22, 2012 and appropriate steps were taken to bring the source into compliance. CDAQ determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

Please be advised that you must complete the 2012 Stage II tests no later than June 8, 2012. These tests will satisfy your annual testing requirement for calendar year 2012. The tests conducted on March 22, 2012, satisfied the Ohio Administrative Rule 3745-21-09(DDD)(2) and Ohio Revised Code Section 3704.05(G) requirements to test during calendar year 2011.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. If you have any questions, please call David Wagner at 216/664-3004. All correspondence with CDAQ must include the Ohio EPA facility identification number for Carnegie Shell: 13-18-00-6846.

Sincerely,

Valencia White  
Chief of Enforcement
