Re: NOTICE OF VIOLATION – Reporting Requirements, Facility ID: 1677000202

Dear Lisa Weiss:

On 10/11/2011, federally enforceable permit-to-install and operate (FEPTIO) #P0108445 was issued for emissions unit K001, Spray Booth, located at the facility identified above. Pursuant to section C.1.e)(2) of the permit, deviation reports are required to be submitted by the permittee as follows: *“The quarterly reports shall be submitted, electronically through Ohio EPA Air Services, each year by January 31 (covering October to December), April 30 (covering January to March), July 31 (covering April to June), and October 31 (covering July to September)...”*

If no deviations occurred during a calendar quarter, the permittee is required to submit a report stating that no deviations occurred during the reporting period. As of the date of this letter, there have been no quarterly deviation reports received for emissions unit K001. The Akron Regional Air Quality Management District (ARAQMD) requests that the missing quarterly deviation reports be submitted by the permittee within 30 days of receipt of this letter.

Please note, violations of the terms and conditions of an issued permit are also considered violations of Ohio Revised Code (ORC) 3704.05(C), which states: *“No person who is the holder of a permit issued under division (F) or (G) of section 3704.03 of the Revised Code shall violate any of its terms or conditions.”* This letter or information pursuant to this letter does not constitute a waiver of the Ohio Environmental Protection Agency's (EPA) authority to seek civil penalties as provided in Section 3704.06 of the Ohio Revised Code. Ohio EPA will determine later whether to pursue such penalties in this case.
