NOTICE OF VIOLATION: FAILURE TO CONDUCT STAGE II (DYNAMIC  
PRESSURE) TESTING**

Dear Mr. Abounader:

On December 11, 2012, the Cleveland Division of Air Quality (CDAQ) was notified by Environmental Compliance Technologies (ECT) that the scheduled Stage II testing was canceled for Aigo, LLC located at 4360 Lee Road in Cleveland. This letter serves as notification that you are operating sources in violation of the following applicable air statutes, air regulations, or air permit conditions.

CDAQ has determined that Aigo, LLC failed to perform a Dynamic Pressure test (which is required once every five years) since February 21, 2007, as stipulated in Ohio Administrative Code (OAC) Rule 3745-21-09(DDD)(2). This is a violation of Ohio Administrative Code Rule 3745-21-09(DDD)(1)(c) and Ohio Revised Code Section 3704.05(G).

The last Static Leak test (required annually) was performed and passed on December 12, 2011. The last Air-to-Liquid Ratio test (required annually) was performed and passed on February 14, 2012, after failing on December 12, 2011.

Unless you undertake some type of corrective action with respect to the above noted violations, you will remain in non-compliance. CDAQ requests that within thirty (30) days of your receipt of this letter, Aigo, LLC reschedule the required Stage II testing (Static Leak, Air-to-Liquid Ratio and Dynamic Pressure tests) and also contact enforcement representative Andrew Marantides at (216) 420-8049 to witness the Stage II testing.

If there is insufficient time to correct the alleged violations within this timeframe, your response must include a timeline for correcting the alleged violations.

Violations of Ohio air pollution laws and /or permit terms and conditions are subject to the penalties stipulated in Ohio Revised Code Section 3704.99(A), which allows fines of not more than twenty-five thousand dollars or imprisonment for not more than one year, or both, for each violation.

Free assistance with state and/or federal regulations, rules, laws or permit conditions can be provided at no charge through Ohio EPA Office of Compliance Assistance and Pollution Prevention (OCAPP). OCAPP can be contacted at <http://www.epa.state.oh.us/ocapp> or (614) 644-3469 or (800) 329-7518. CDAQ makes no guarantee that the facility will meet the qualifying guidelines established by the OCAPP.

CDAQ issues this letter with Ohio EPA's concurrence. The failure to mention any specific violation does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action.

Should you have any questions, please call Andrew Marantides at (216) 420-8049. All correspondence with CDAQ must include the Ohio EPA facility identification number for Aigo, LLC: 13-18-00-8140.
