Dear Richard Wolf,

This letter serves as a Notice of Violation for failure to submit a timely permit application for renewal of the permits identified below. This failure to submit a complete and timely application, has resulted in the loss of the "application shield" provided by Ohio Revised Code (ORC) section 119.06, for the air contaminant sources (emissions units) identified in the table below.

<b>EU ID</b>	<b>EU Description</b>	<b>Company Equipment ID</b>	<b>Permit Number</b>	<b>Expiration Date</b>
N001	Refuse Incinerator	Morse Boulger Incinerator	P0102336	1/29/2013
N001	Refuse Incinerator	Incinerator Products Model P110FG	P0103335	1/29/2013

Continued operation of these emissions units after the expiration date of the permit, without a valid renewal permit being issued by the Director, will be a violation of ORC 3704.05(A), which states: "No person shall cause, permit, or allow emission of an air contaminant in violation of any rule adopted by the director of environmental protection under division (E) of section 3704.03 of the Revised Code..." Be advised that submission of a permit renewal application, will not reinstate the "application shield" provided by ORC section 119.06.

Please submit a complete renewal application to Ohio EPA as soon as possible, but no later than 30 days from receipt of this notice. The application may be submitted using the eBusiness Center: Air Services (<https://ebiz.epa.ohio.gov>). For assistance with Air Services you may contact Linda Lazich at [linda.lazich@epa.state.oh.us](mailto:linda.lazich@epa.state.oh.us) or 614-644-3626. In addition, training videos and guidance are available by clicking "Answer Place" on the main banner at [www.epa.ohio.gov](http://www.epa.ohio.gov). A hard copy application will also be accepted. Those forms can be acquired on the web page [www.epa.ohio.gov/dapc](http://www.epa.ohio.gov/dapc) or by contacting our office at 330-812-3954.

Sincerely,

A handwritten signature in black ink, appearing to be the initials 'KK' with a stylized flourish.
