Re: Allen County
Colonial Surface Solutions, Inc.
Premise #0302000208
Return to Compliance

February 15, 2013

Mr. Thomas Langhals, President
Colonial Surface Solutions, Inc.
4599 Campbell Road
Columbus Grove, Ohio 45830

Dear Mr. Langhals:

On March 4, 2009, the Division of Air Pollution Control (DAPC) issued a warning letter to Colonial Surface Solutions, Inc. for violations of Ohio Revised Code 3704.05 and various reporting terms in permit to install (PTI) No. 03-13822, for failure to submit the the following required PTI deviation reports:

- emissions units K001 and K002: annual deviation reports
- emissions units P001 and P002: semi-annual and annual deviation reports

On March 27, 2009, the company submitted all required reports as noted above for each of the four emissions units. The reports indicated compliance was maintained with respective emissions limits and raw material usage restrictions.

With the submittal of the required reports, the violations have been resolved. Please note, however, that this does not preclude the Director from seeking civil penalties pursuant to ORC section 3704.06 for these violations. The decision on whether to pursue or decline to pursue such penalties regarding this matter is dependent on several factors, one of which is the company's future compliance with applicable Ohio EPA requirements.

If you have any questions, please contact me at 419-373-3128.

Sincerely,

Jeffrey Skebba
Division of Air Pollution Control
