Re: RESOLUTION OF VIOLATION
Facility ID: 0215090195
Ventra Salem, LLC
Location: 800 Pennsylvania Ave.
Salem, OH 44460-2780
Columbiana County

Dear Mr. David Van Dyne:

This letter is in response to the Notice of Violation (NOV) issued to the above referenced facility on 1/26/12. In the NOV, a compliance plan and schedule for achieving compliance was requested from the facility. The subsequent plan was received on 2/27/12 and the appropriate steps were taken to bring the source(s) into compliance. The following information summarizes the violations cited, and the resolution of each.

Ventra Salem violated the MACT, 12-month emission limits specified in the Title V permit for 12 months from 11/10 through 10/11. The facility replaced certain coatings with lower Hazardous Air Pollutants (HAP) coatings which have brought the 12-month rolling averages back into compliance. The facility acted quickly to remedy the issue and was only over 3 tons per year during that time.

With the corrective actions taken to bring the source(s) into compliance, as indicated above, the referenced violations are considered resolved. Please note, however, that this does not preclude Ohio EPA's authority from seeking civil penalties pursuant to ORC section 3704.06 for these violations. The decision on whether to pursue or decline to pursue such penalties regarding this matter is dependent on several factors, one of which is the company's future compliance with applicable Ohio EPA requirements.

If you have any questions, please contact me at (330) 963-1152 or via E-mail at kevin.fortune@epa.ohio.gov.

Sincerely,

Kevin Fortune
