**RESOLUTION OF VIOLATIONS
NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. Gaid:

On December 20, 2012, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring Noble Gas USA to repair the Stage II vapor recovery system, complete the appropriate Stage II tests and submit the test results. CDAQ acknowledges that the Stage II vapor recovery system passed the post-repair tests on February 19, 2013.

The corrective action was completed in a timely manner and appropriate steps were taken to bring the source into compliance. CDAQ determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. If you have any questions, please call David Wagner at 216/857-1553. All correspondence with CDAQ must include the Ohio EPA facility identification number for Noble Gas USA: 13-18-16-7085.

Sincerely,

Valencia White
Chief of Enforcement, CDAQ
