RESOLUTION OF VIOLATIONS
NOTICE OF VIOLATION FOLLOW-UP LETTER

Dear Mr. Eubank:

On February 8, 2013, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring Mid-West Forge Corporation to submit permit-to-install/operate (PTIO) applications for each of the six shotblasters which are connected to a baghouse as well as emission calculations for the emission units: P012: Cold Extrusion with Etch and Lube Bath, P013: Cold Extrusion with Etch and Lube Bath and P014: Cold Extrusion with Etch and Lube Bath.

CDAQ received the required permit applications and emissions calculations on March 12, 2013. The permit applications and emissions calculations are subject to review by the permit section of CDAQ.

The corrective action was received and appropriate steps were taken to bring the source into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Andrew Kenney at 216-420-7683. All correspondence with CDAQ must include the Ohio EPA facility identification number for Mid-West Forge Corporation: 13-18-00-6396.

Sincerely,

A handwritten signature in cursive script that reads "Valencia White".

Valencia White
Chief of Enforcement, CDAQ
