RE: NOTICE OF VIOLATION: NO PERMIT RENEWAL APPLICATION RECEIVED
Facility ID: 1667950001
Facility Address: 4200 Sunnybrook Rd
Kent, OH 44240
Permit Number: P0102318
Permit Expiration Date: 1/23/2013
Permit Type: State Permit-To-Operate

Dear Tim Carr,

This letter serves as a Notice of Violation to you for failure to submit a timely permit application for renewal of the permit identified below. This failure to submit a complete and timely application has resulted in the loss of the "application shield" provided by Ohio Revised Code (ORC) section 119.06, for the air contaminant sources (emissions units) identified in the table below.

EU ID	EU Description	Company Equipment ID	Permit Number	Expiration Date
F001	Portable 150 TPH Aggregate Processing/Crushing Plant	Aggregate Processing/ Crushing Plant	P0102318	1/23/2013
F002	Portable 300 TPH Aggregate Processing/Screening Plant	Aggregate Processing/Screening Plant	P0102318	1/23/2013
F003	Paved/Unpaved Roadways Associated With F001	Paved/Unpaved Roadways	P0102318	1/23/2013
F004	Paved/Unpaved Roadways Associated With F002	Paved/Unpaved Roadways	P0102318	1/23/2013
F005	Storage Piles Associated With F001	Storage Piles	P0102318	1/23/2013
F006	Storage Piles Associated With F002	Storage Piles	P0102318	1/23/2013

Continued operation of these emissions units after the expiration date of the permit, without a valid renewal permit being issued by the Director, will be a violation of ORC 3704.05(A), which states: "No person shall cause, permit, or allow emission of an air contaminant in violation of any rule adopted by the director of environmental protection under division (E) of section 3704.03 of the Revised Code...". Be advised that submission of a permit renewal application will not reinstate the "application shield" provided by (ORC) section 119.06.
