PIK TR 338 PID 82305
Storm Water Construction Activity
OGC01545
OGC01675

Mr. Jim Setty
ODOT District 9
P.O. Box 467
Chillicothe, Ohio 45601

Dear Mr. Setty:

On November 21, 2011, I visited two ODOT sites that possessed Ohio EPA construction storm water permits. The purpose of my inspection was to determine the compliance of these sites with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

1. PIK 220-14.01 PID 81539

Previous rains had made determination of a violation of the temporary stabilization requirements difficult on the day of inspection. Please remind the contractor about the temporary stabilization requirements outlined in the permit.

2. PIK TR 338 PID 82305

At the time of my inspection, the site was inactive and it appeared that construction activities had been completed. In accordance with the NPDES permit, a Notice of Termination (NOT) must be submitted to the Ohio Environmental Protection Agency (Ohio EPA) to release you from the terms and conditions of this permit.

An NOT may be submitted to Ohio EPA if the following requirements have been fulfilled:

1. A perennial vegetative cover (or equivalent means of stabilization) has been established over 100% of the surface area disturbed during construction. The vegetative growth must be at a growth density of 70%.
2. All temporary sediment and erosion controls have been removed and properly disposed.

3. All sediment has been permanently stabilized to prevent further erosion.
4. Construction activity at the site has ceased.

Please submit an NOT within 45 days of the completion of construction activities if your site meets the above conditions. Failure to submit an NOT is a violation of the permit requirements and may affect your ability to obtain a NPDES permit in the future.

Please send the completed NOT to the following address:

Ohio Environmental Protection Agency
Division of Surface Water
Storm Water Section
P.O. Box 1049
Columbus, Ohio 43216-1049

If there are any questions, please contact me at (740) 380-5277.

Sincerely,

A handwritten signature in black ink, appearing to read 'Aaron Wolfe', written over a horizontal line.
