Re: Butler County, Crouse MHP, NPDES Permit Violations

Dear Mr. Bremer:

We have reviewed your Discharge Monitoring Reports (DMRs) covering the months of July through October 2011 for the referenced facility. Our review indicates violations of the conditions of your NPDES Permit (NPDES Permit # OH0118923; OEPA Permit # 1PV00095\*DD). The specific instances of noncompliance were as follows:

July 2011	Ammonia	Monthly	mg/l	2.0	2.2
July 2011	Ammonia	Weekly	mg/l	3.0	4.4
October 2011	Ammonia	Monthly	mg/l	2.0	3.9
October 2011	E. coli	Monthly	#/100 ml	161	300
October 2011	Ammonia	Weekly	mg/l	3.0	7.8
October 2011	DO	Daily	mg/l	6.0	3.5

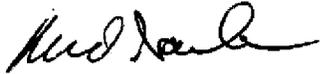

Please be advised that failure to comply with the effluent limitations or to satisfy the reporting requirements of your NPDES Permit may be cause for enforcement action pursuant to the Ohio Revised Code Chapter 6111.

We have received your reports addressing the reasons for the above violations and the actions being taken to prevent further occurrences. Your explanation is not satisfactory and we request, by December 9, 2011, written information as to what additional steps you take to prevent further occurrences. Future violations must continue to be reported as required by the NPDES Permit as detailed in Part III.12 titled "Noncompliance Notification."

Mr. Brian Bremer
