Ohio EPA Finalizes Decision Document for  
Fayette Tubular Site  
Fayette, Ohio**

On May 28, 2010, Ohio Environmental Protection Agency (Ohio EPA) finalized a Decision Document identifying the selected alternative to remediate contamination at the former Fayette Tubular Products (FTP) Site, located in the northwest corner of Section 20, Township 9 South, Range 1 East, Gorham Township, Fulton County, Ohio, in the Village of Fayette, approximately 45 miles west of Toledo, Ohio.

The facility was operated continuously from 1962 through 1997, when FTP ceased operations and closed the plant. FTP manufactured air conditioning components. The selected remedial alternative in this Decision Document includes: simultaneous implementation of Ohio EPA Modified Alternative S2 (Institutional Controls and Engineering Controls with Natural Attenuation) for on-Site soil, and Alternative G3 (Active In-Situ Remediation with Natural Attenuation and Controls) for shallow groundwater. Ohio EPA finds that these measures will protect public health and the environment by reducing risk to acceptable levels once the remedial action objectives have been achieved.

On June 18, 2009, Ohio EPA issued a Preferred Plan that outlined Ohio EPA's preferred alternative to remediate contamination at the Site. A public meeting was held July 14, 2009, during which public comments on the Preferred Plan were accepted. In addition, written comments on the Preferred Plan were accepted through July 21, 2009. Copies of the Decision Document have been provided to the document repository at the Normal Memorial Library, 301 N. Eagle Street, Fayette, Ohio. The Decision Document and related documents are available for review at Ohio EPA's Northwest District Office by calling Linda Tilse, Information Specialist, at (419) 373-3081 for an appointment.

The effective date of this final action is May 28, 2010. You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Ohio Treasurer Kevin Boyce," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment

of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the Environmental Review Appeals Commission, 309 South Fourth Street, Room 222, Columbus, Ohio 43215.
